

Portable vacuum Solutions –Diesel vacuum conveyor cleaning railhead 2017

TASK

IBS were requested to provide a solution to pick up stone dust water under conveyor tail end in railhead

Options

1. We had to provide a unit that can be moved about and emptied easily.
2. We had to be a certain weight as limited with lifting equipment onsite.
3. We had to be an easy to operate system that could be used at night

Solution

We offered the 50hp diesel vac and pre separator with 40 metres of 4 inch hose with a fluidiser.

System components

- 1 x 50hp diesel vac
- 4 x 10 m 4 inch hose
- 1 x 4 inch fluidiser

4 x 4 inch bauer couplings
