

Portable vacuum Solutions- Asphalt site no forklift – 2017

TASK

IBS were requested to provide a solution to pick up filler dust inside tower with no fork lift available to empty skip

Options

1. We had to provide a unit that can be emptied without forklift truck
2. We had to empty the dust into bucket of front end loader
3. We had to be an easy to operate system that could be used at night

Solution

We offered the FVP25 on 1m3 dump hopper with 30 metres of hose and a 32a supply requirement.

System components

- 1 x fvp 25 on 1m3 dump hopper
- 1x fixed pipework system
- 1x floor cleaning kit
- 1x 32 a cable
- 1x special diverter slide to guide dust into bucket as in photo
