

Portable vacuum Solutions asphalt filler dust clear up– 2017

TASK

IBS were requested to provide a solution to pick up filler dust and up to 20mm stone under conveyors and high level cleaning

Options

1. We had to provide a unit that can be moved about and emptied easily.
2. We had to be a certain weight as limited with lifting equipment onsite.
3. We had to be an easy to operate system that could be moved between 2 asphalt units

Solution

We offered the 30hp SV22EC

System components

- 1 SV22EC integrated vacuum unit – level probe / filter shaker
- 2 30m of hose
- 3 tool kit
