

Portable vacuum Solutions –Asphalt tower fixed pipework 2017

TASK

IBS were requested to provide a solution to create a Fixed pipework system to use with a Standvac 16,5kw

Options

1. We had to provide a unit that can be moved about and emptied easily.
2. We had to provide a HEPA filter solution
3. We had to provide a solution that can be self emptying
4. Full equipped with tools and fixed pipework

Solution

We offered a Standvac 16.5kw with approx. 60 metres of fixed pipework with outlets at 3 different levels

System components

- 1 Standvac 16,5kw self emptying machine
2. TOOL KIT
3. 5 metre of rubber flexi hose 80mm
4. 60 metre fixed pipework
5. 3 x reducer coupling for 2 inch hose
6. 2M3 big bags
